## **FOR IMMEDIATE RELEASE**

---

### **One person dead and another injured in interstate shooting**

Shreveport Police are investigating an early morning shooting that has left one man dead and one severely injured.

On October 2, 2017, just after midnight, Shreveport Police Patrol officers responded to reports of a shooting on Interstate 20 east near Jewella Avenue. Officers arrived and located a green SUV stopped on the inside wall. The driver of the vehicle, 22-year-old Kenyon Frazier, sustained multiple gunshot injuries and was transported to University Health Hospital with what was described as life-threatening injuries. The passenger, who has not yet been identified, was struck at least once and was pronounced dead at the scene.

Investigators with the Shreveport Police Department's Violent Crimes Unit responded to the scene and began their investigation. They gathered preliminary information that suggested that a small dark colored vehicle pulled up beside Frazier's vehicle and subject(s) began firing at them with what was believed to be a rifle. No other information is known at this time and investigators are asking for anyone with any information about this homicide to contact them immediately or utilize the Crime Stoppers Organization to relay their information anonymously.

Crime Stoppers will pay \$1,000.00 for information leading to the arrest of the person(s) responsible for this crime. Please contact them at 318-673-7373 or visit their website at [Lockemup.org](http://Lockemup.org).
