AMENDMENT #1

RFS #22-706

Consultant for District 3 Roadway Rehabilitation

Proposers on the project are hereby notified that this amendment shall be attached to and made part of the above named solicitation documents dated April 26, 2022. The following items are issued to add to, to modify, and/or clarify the solicitation documents. These items shall have full force and effect as the solicitation documents. Proposals, to be submitted on the specified date, shall conform to the additions and revisions listed herein. Failure to do so may subject the proposal to being declared as non-responsive.

It shall be the proposer's responsibility to make inquiry as to any amendments issued.

Questions and Clarification

1. Is the initial professional services N.T.E amount of \$67,500 to include only to conduct an assessment and prepare a recommended scope of services for the project?

No

2. In the Scope of Work, on page 6, it states that consultant shall provide sufficient survey and geotechnical data to be used for the engineering evaluation and design of this project. Is this statement to instruct the consultant that they need a surveyor and Geotech on the project team? Would the survey and geotechnical services be engaged after the city accepts the recommended scope of services for the project?

This means the consultant will be responsible to acquiring needed survey and geotechnical data under their contract/fee.

3. Page 6 references Exhibit A for a list of roadways but there no exhibit attached. Will there be one posted a later date?

See the attached Exhibit A.

4. The document states that the list of roadways included in this project are shown on exhibit A however I did not download an Exhibit A with the rest of the bid packet. Can Exhibit A be provided?

See the attached Exhibit A.

5. In the Scope of Work for subject project it states that a list of roadways (Exhibit A) is attached, however, I'm not seeing one in the package that I downloaded. Can you please email me Exhibit A?

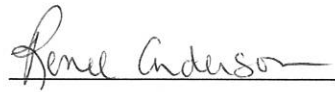

See the attached Exhibit A.

6. Can you please clarify if we need to provide an SF330 as Prime and a separate SF330 for a subconsultant, or is it a blended SF330?

Per section 14.1.6 of the submission requirements, provide the qualifications of both DBE/Fair Share and other sub consultants you intend to use on this project.

All questions must be submitted in writing. E-mail questions to Shay Meadows at shay.meadows@shreveportla.gov. Continue to monitor BidSync and the City website www.shreveportla.gov/solicitations for any additional amendments.
