Part II **INTRODUCTION**

1.0 **INTENT**

1.1 It is the intent of the City of Shreveport to solicit proposals for service providers capable of providing consulting services to support procurement and selection of an Advanced Metering Infrastructure (AMI) solution for the City's water system.

2.0 **BACKGROUND AND OVERVIEW**

2.1 The City of Shreveport (City) provides water service to approximately 192,000 residents with approximately 78,000 services connections in a service area of approximately 108 square miles. The City is seeking Statements of Qualifications ("SOQ") from service providers capable of providing consulting services to support procurement and selection of an Advanced Metering Infrastructure (AMI) solution for the City's water system. The consultant will assist the City with evaluating and selecting a vendor to provide managed services associated with the implementation and management of an AMI system.

2.2 Water meters are currently manually read by City staff to collect information for billing purposes. The City believes smart metering technology, coupled with a resilient network and a proven delivery team, will have a far-reaching impact within the utility, and set the stage for the city-wide initiatives that promote smart growth and spur economic development. Accordingly, the City has undertaken various planning initiatives related to an AMI system, including development of a draft Request for Proposals for selection of a vendor to provide managed services associated with the implementation and management of an AMI system.

2.3 The City is seeking SOQs from consultants capable of assisting the City with evaluation and selection of an AMI Vendor. In issuing this RFP, the City does not desire to receive proposals for implementation of an AMI system or a specific metering or network technology. Instead, the City is seeking the most qualified consultant with demonstrated experience in advising owners in order to support the City as required through a separate, independent RFP process to be administered by the City. It is expected that a single contract will be awarded to the selected consultant who will continue in this role until the AMI system has been implemented.

3.0 **TERM OF CONTRACT**

The term of any contract resulting from this solicitation shall be for one year from the date of award, unless terminated or extended in accordance with the provisions listed herein. The City of Shreveport reserves the right to renew any resultant contract(s), if mutually agreeable with the consultant, for four additional years in one-year increments with price changes limited to Price Changes paragraph below, unless prices are requested for a longer period in this RFP.

4.0 **PRICE CHANGES**

4.1 Prices will be firm for the contract term as specified in the paragraph above. After the term of the contract, the Consultant may request price increases based on their documented cost increase to be approved by the Water and Sewer – Environmental Service Department Director and the Purchasing Agent. Written requests for price increases must be sent to the Purchasing Agent. The City reserves the right to accept or reject the price increase within fifteen days after receipt of the request. Should the City reject the price increase, the City reserves the right to cancel the contract and award to the next best Offeror or to solicit new proposals. No increase will be effective until approved in writing by the Purchasing Agent. Any decrease in the cost of the contract items shall be forwarded to the Purchasing Office with immediate inception into the contract. Any decrease in pricing shall not be less than the appropriate CPI or PPI.

5.0 **AWARDS**

5.1 An award resulting from this request shall be awarded to the responsive and responsible Offeror whose proposal is determined to be most advantageous to the City, taking into consideration the evaluation factors set forth in the RFP; however, the right is reserved to reject any and all proposals received, to waive any informalities, and in all cases the City will be the sole judge as to whether an Offerors proposal has or has not satisfactorily met the requirements of this RFP.

5.0 **BRAND NAMES (La. R.S. 38:2212 F- 2)**

6.1 Wherever in the specifications the name of a certain brand, make, manufacturer, or definite specification is utilized, they are used only to denote the quality standard of the product desired and that they do not restrict Offerors to the specific brand, make, manufacturer, or specification named; that they are used only to set forth and convey to prospective Offerors the general style, type, character, and quality of the product desired; and that equivalent products will be acceptable.

6.2 It shall be the responsibility of the Purchasing Agent and the professionally employed architect or engineer to

determine what is considered an equivalent product on any and all projects in which they have been legally employed to perform professional services.

7.0 **PURCHASE ORDER REQUIREMENT**

7.1 The City of Shreveport shall not be responsible for invoices exceeding \$1,000 that do not have a written purchase order covering them.

8.0 **PUBLIC ACCESS TO PROCUREMENT INFORMATION**

8.1 Proposals will be available for public inspection at the time and date approved by the Purchasing Agent.

9.0 **PAYMENTS DUE THE CITY**

9.1 Section 26-211 of the City's Code of Ordinances requires the following:

9.1.1 On every contract to which the City is a party and for which written specifications are prepared, the specification shall include the requirement that before the contract is awarded the contractor shall pay all taxes, licenses, fees, and other charges which are outstanding and due to the City.

9.1.3 Has not paid all taxes, licenses, fees, and other charges which are outstanding and due the city, or

9.1.7 Proposals will not be accepted from, or contract awarded to any person, firm, or corporations which have at any time failed to execute a contract that has been awarded to them by the City, or which is in arrears to the City upon debt or contract, or which is a defaulter as surety or otherwise upon any obligation to the City.

Proposer agrees not to discriminate in its employment practices and will render services under any contract entered into as a result of this solicitation without regard to race, color, religion, sexual orientation, national origin, veteran status, political affiliation, or disabilities. Any act of discrimination committed by proposer, or failure to comply with these statutory obligations when applicable, shall be grounds for termination of any contract entered into as a result of this solicitation.
