Wanted Woman Located, Provides False Identity, Found with Drugs

Alicia Fleming

Shreveport Police Department officers swiftly located and arrested a suspect following a hit-and-run investigation early this morning.

On March 25, 2026, at approximately 3:00 a.m., officers assigned to the Uniformed Services Division responded to the 900 block of Monrovia Street in reference to a hit-and-run. The incident involved a red vehicle striking a dumpster that had been legally placed in the roadway for construction at a residence.

Upon arrival, officers discovered the suspect vehicle had fled the scene. Through investigative efforts, including tracking fluids leaking from the vehicle, officers were led to the 700 block of Huron Street, where the suspect vehicle—a 2007 red GMC Sierra—was located.

Officers made contact with the driver, identified as **Alicia Lewis**, who was found sitting in the vehicle with the keys still in the ignition and the airbags deployed. The vehicle displayed heavy front-end damage consistent with the collision involving the dumpster.

During the investigation, Lewis repeatedly provided officers with a false name in an attempt to avoid identification. Officers later confirmed her true identity and that she had permission from the registered owner to operate the vehicle.

While being processed at the Shreveport City Jail, Lewis was found to be in possession of suspected crystal methamphetamine and a glass pipe.

Further investigation revealed that Lewis was also wanted in connection with a recent incident at a local Walmart, where she allegedly assaulted an officer by slamming a car door on them before fleeing the scene.

Alicia Lewis has been charged with:

- Hit and Run
- Resisting an Officer (Providing False Information)
- Possession of a Schedule II Controlled Substance
- Introduction of Contraband into a Penal Institution

This incident remains under investigation.
