PRESS RELEASE

August 18, 2014

Fairfield Partially Closing for Utility Repairs

Motorists who use the 2300 block of Fairfield Avenue will need to use alternate routes starting Tuesday, August 19, because the street will be closed while city crews conduct water and sewer repairs.

That work will keep that part of Fairfield closed for only one day. It reopens on Wednesday for northbound traffic in the curb lane with southbound traffic relegated to the inside lane northbound. The southbound lane will remain closed until the street is repaired.

Northbound traffic will detour off Fairfield to Dalzell to Line Avenue to Olive and back to Fairfield. Southbound motorists will detour off Fairfield to Boulevard to Southern to Wilkinson and back to Fairfield.
