PRESS RELEASE

November 19, 2015

City sets holiday schedule for trash pick-up

In celebration of the Thanksgiving Holiday, there will be a change in solid waste collection services that will affect all Thursday customers.

Today, Thursday customers will receive orange hang-tags on their garbage containers notifying them of the change in collection days.

All Thursday customers are being asked to **place only garbage containers on the curb by 7 a.m. Wednesday morning**. City crews will provide collection services for Thursday customers a day early next week.

Thursday customers are also being asked to **place recycling carts on the curb by 7 a.m. Friday morning**. Republic Services, the City's contractor responsible for the collection of recycling, is operating on a separate schedule from the City.

City crews will return on Friday, November 27, to provide garbage collection services for Friday customers only. On Friday, crews will not collect any missed garbage containers from Thursday customers.

For additional information concerning schedule changes in collection for garbage and recycling services, please call the Solid Waste Office at 318-673-6300 or visit the City of Shreveport website at www.shreveportla.gov/HolidayTrashPickup, or follow the links under *Government* to the Public Works calendar.
