PRESS RELEASE

November 23, 2015

City to kick off Make Peace with Your Pipes Campaign

Now that the holiday season is upon us, Mayor Ollie Tyler is kicking off the City's *Make Peace with Your Pipes Campaign* to remind citizens to properly dispose of fats, oils, and grease after cooking.

"When grease and oils are poured down the drains or into disposals, they can make their way into our city pipes and block sewer lines," Tyler said. "We want to ask everyone to do their part to keep our pipelines clear and safe."

Tyler will announce the program at 3 p.m. Tuesday at the City Council Meeting at Government Plaza, 505 Travis Street. For more information or to pick up grease cans and liners, call (318) 673-6581.
