PRESS RELEASE

October 19, 2016

Mayor Tyler Releases Test Scores for Police Chief Applicants

The test scores for applicants for Chief of the Shreveport Police Department were approved today in a special meeting by the Shreveport Civil Service Board. The names were then delivered to Mayor Ollie Tyler's office for public release.

There were 19 applicants who qualified to take the Civil Service Examination for Police Chief. All applicants passed the examination that was given on September 21, 2016.

Mayor Tyler appointed Alan Crump as Interim Chief to replace Chief Willie Shaw who retired July 31. Crump was appointed for 90 days to lead the department during the search process. His time will be extended through a reappointment for another 90 days to allow the selection process to take place.

"In an effort to ensure the best person is chosen, I do not want to rush through this process," said Mayor Tyler. "I'm hoping to get the process underway real soon because this appointment is critical in ensuring the safety and well-being of our citizens and visitors."

Mayor Tyler will conduct an initial screening with each of the qualified applicants. From those screenings she will identify the finalists for the position. Each finalist will have a thorough interview.

Mayor Tyler hopes to have a new chief in place by the end of the year.

Please find attached the list of applicants and their test scores.
